AFTER 400 STOPS

CLEAN AND QUIET BRAKE PADS FOR EUROPEAN VEHICLES

- EURO brake pads are formulated to significantly reduce the black dust found so frequently on European vehicles. (See chart above)
- EURO brake pads include ultra-quiet technology to provide further comfort through the control of noise, vibration, and harshness.
- EURO brake pads are designed to enhance overall European braking performance.
- EURO brake pads are the ultimate brake system upgrade for original semi-metallic and low-metallic brake pads.
- EURO brake pads are available for Audi, BMW, Jaguar, Land Rover, Mercedes-Benz, MINI, Porsche, SAAB, Volkswagen, and Volvo.
